

# Lock your bike

**NEVER** leave your bike unlocked.

- **DO NOT** rely on busy areas, **ALWAYS** securely lock your bike!

Use a solid U shaped and cable lock

- Choose a cable lock rather than using a chain and padlock
- Leave the larger U lock attached at work and carry the lighter cable lock with you

## REMEMBER all your valuables

- Lights, cycle computer, etc

## Lock to an immovable object to avoid theft

- Ensure your bike can't slip down to avoid vandalism
- Mark your bicycle so that you can easily prove it's yours. Your local police station will mark and register your bicycle for you

## Don't leave it outside overnight
